NIPPON EXPRESS GROUP CORPORATE MESSAGE

We

Our unified strength makes us unique, driving everything we do on the frontline and in the background to deliver unparalleled logistics services.

The word "we" speaks to a complex system of individuals with specialized skills that work together to become an unstoppable force.

Find

Every client, project, and task is different, and sometimes we have to innovate to achieve our goals. Our work demands exploration and thinking outside the box.

It's how we find the best way. The verb "find" in its present form tells a story of a company willing to dig deeper for the best results.

the Way

Sure, there are many solutions, but there's only one best way. We don't find a way or some way; we find the best way, and we do it with passion and perseverance. Our efforts build connections to and between individuals and businesses.

Nippon Express Italia SpA was established through the merger by incorporation of five companies: Nippon Italia Srl, Franco Vago SpA, Traconf Srl, Tramo, and eFashion Software. The headquarters is located in Scandicci, Florence.

NX Italia integrates the services and excellence of all three companies, unifying them into a single point of contact, enhancing efficiency, and creating new opportunities.
