MY CREATION

Remarkable lighting.  
Sustainably printed.

a lighting brand by  signify

## Sustainable by default

### **Eliminating waste**

by using recycled and bio circular materials.

### **Contributing to the circular economy**

by design for disassembly.

### **Reducing CO2 emissions significantly**

by printing locally with ISCC certified materials

# Special designs

**Amazing shapes.**

Mesmerizing colors.

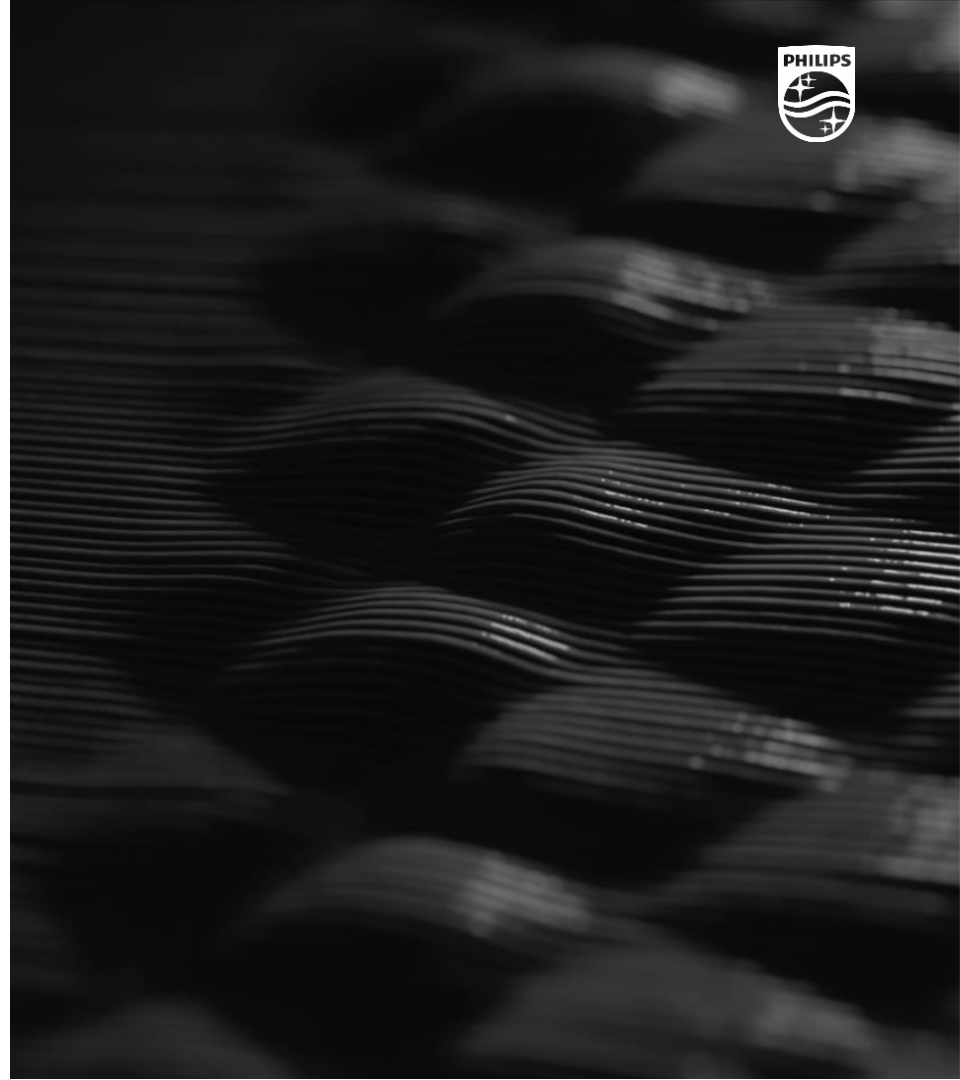

**Unique textures.**

Endless possibilities.

**In unlimited and limited editions.**

Or your own bespoke design.

**Created by the latest 3D technology.**

# Printed at lightspeed

**Instant development.**

Fast delivery.

**Global coverage for awesome projects.**

Ready to serve your needs close by.

## Contribute to a circular economy

>55% On target to produce all printed parts with at least 55% recycled or bio-circular plastics

Up to 40% less components

Easy to disassemble

## Reduce CO<sub>2</sub> emissions

Up to 76% lower carbon emissions from material supply and manufacturing\*

Up to 28% lower carbon emission in transport\*

Carbon neutral production

## Eliminate waste

No stock of unsold products thanks to printing on-demand

Using waste to create products

Working towards a zero waste production
